

2024 CNLCP® RECERTIFICATION GUIDELINES

Overview of the Universal Life Care Planner Certification Board

The Universal Life Care Planner Certification Board provides oversight of the certification examination for Nurse Life Care Planners. This oversight includes item and examination review (item writing and test question selection); tracking of initial certification and quality assurance of the exam and periodic updates of exam content outlines based on industry trends. A passing score on the certification exam allows a nursing professional to utilize the designation Certified Nurse Life Care Planner (CNLCP®) for a period of five (5) years. The certification board is a non-profit, voluntary organization comprised of up to eight (8) members, specializing in the field of life care planning, and who have earned the designation of Certified Nurse Life Care Planner (CNLCP®), and/or Certified Health Professional Life Care Planner (CHLCP™), and one (1) public member with an interest in the field.

Mission Statement

The mission of the Universal Life Care Planner Certification Board is to ensure a certification process that validates qualifications and knowledge obtained through professional education and experience in the specialty.

The Universal Life Care Planner Certification Board:

Identifies and implements certification and re-certification standards and credentials for the Certified Health Professional Life Care Planner (CHLCP™) and the Certified Nurse Life Care Planner (CNLCP®) professional designations.

Ensures that all decisions made by the Certification Board are taken in accordance with the Universal Life Care Planner Certification Board's established bylaws and guidelines.

Develops criteria and oversees the approval process for core curriculum providers and continuing education providers of education programs for the CNLCP® and the CHLCP™ certifications.

Ensures that initial certifications and renewals meet the established criteria.

Holds in highest regard the privacy confidential information of its Certificants.

Addresses any public concerns with regard to Certificants.

Directs the application process for accreditation by the Accreditation Board for Specialty Nursing Certification (ABSNC) for the CNLCP® certification process.

Develops the item writing and test content for the CNLCP® and CHLCP™ certifications consistent with evidence-based specialty standards for life care planning.

Does not discriminate against any person.

Position Statement

As healthcare has become more complex, it is increasingly vital to assure the public that healthcare professionals are competent. Individual State professional healthcare licensure measures entry-level competence only; and, in so doing, provides the legal authority for an individual to practice within their area of expertise. It is the minimum professional practice standard.

Certification, on the other hand, is a formal recognition that validates proficiency in knowledge, experience, skills, and clinical judgment within a specific healthcare specialty; and, as such, is reflective of a more stringent professional practice standard. It affirms expertise beyond basic licensure.

The Universal Life Care Planner Certification Board is a separately incorporated entity that facilitates consumer health and safety through credentialing/certification of healthcare professionals. It ensures that an individual's practice is consistent with established standards of excellence in life care planning.

Similar to consumers knowing to seek out certification status within other licensed professions (e.g., dentists, pharmacists), certification within the field of life care planning has become an important indicator that a healthcare professional not only holds a state licensure to practice, but is qualified, competent and has met rigorous requirements in the achievement of the CNLCP® and/or the CHLCP™ credential.

CNLCP® Certification Renewal

Certification in nurse life care planning is recognized for a period of five (5) years, at which time the Candidate must retake and pass the current Nurse Life Care Planner Certification Examination or meet such requirements* in effect at the time in order to retain certification. *See the Educational Requirements section below for further details.

The CNLCP® recertification criteria includes verification of sixty (60) continuing education units (e.g., CEUs, points of credit) in nurse life care planning, or completion of at least twelve (12) academic semester credits of nursing coursework related to nurse life care planning at the licensee's current level of licensure or higher.

To renew by points of credit/continuing education unit requirements, the CNLCP® must:

- Have current licensure as a registered nurse, with no restrictions. A copy of your current RN license must be sent with your recertification application.
- Complete the enclosed recertification application listing sixty (60) hours of continuing education units (CEUs) and/or 60 points of credit hours earned within your 5-year certification period.
- Include copies of the Provider Certificates of Course Completion that include verification of course hours. The Certificate should also include the name of the course provider, course title, provider name, date, and location of the course.
- Have no lapse in CNLCP® certification.
- Include required renewal fee of: \$395 for AANCLP® members or \$495 for nonmembers.

To renew by examination, contact ULPCB™ Secretary, Shirley Daugherty at shirley@daugherty-legalnurse.com. The exam must be completed prior to the expiration of your certification.

Educational Requirements

Sixty (60) points of credit are needed every five (5) years for renewal. The Universal Life Care Planner Certification Board points of credit renewal system is designed to encourage professional development. The system affords the CNLCP® the latitude to select from a variety of education activities that meet both the professional and personal needs as described in the following categories:

Category 1: Continuing Education Hours: One hour (60 minutes) of approved nursing continuing education pertaining to life care planning = 1 contact hour. Examples of courses that would be approved include, but are not limited to: Life care planning relevant to SCI, TBI, prosthetics, amputations, burns, chronic pain, nurse case management, nursing process, etc. Questions regarding applicability of a particular course can be resolved through submission of course outlines to the Universal Life Care Planner Certification Board for review/approval of contact hours 90 days prior to the application renewal deadline.

Category 2: Academic Credit: Verification of the twelve (12) academic semester credits of nursing coursework related to nurse life care planning. Course semester outlines should be submitted to the Universal Life Care Planner Certification Board for review/approval of points of credit 90 days prior to the renewal deadline.

Category 3: Presentations: Five (5) points of credit for a maximum of ten (10) within the five (5) year renewal period for each presentation, for which national or state approved continuing education units have been granted to participants. Presentation outlines should be submitted to the Universal Life Care Planner Certification Board for review/approval of points of credit 90 days prior to the application for renewal deadline.

Category 4: Publications or Research: Publications or research related to a nurse life care planning should be submitted to the Universal Life Care Planner Certification Board for review/approval of points of credit 90 days prior to the application for renewal deadline.

- **Publications:** Five (5) Points of Credit will be awarded for one article published in a peer-reviewed journal related to nurse life care planning. Certificant must be the author, or co-author.

Ten (10) Points of Credit will be awarded for one chapter published in a peer-reviewed book related to nurse life care planning. Certificant must be the author, co-author, editor, co-editor, or reviewer.

- **Research:** Forty (40) Points of Credit will be awarded for an institutional review board (IRB) research project, a completed dissertation, thesis, or graduate-level scholarly project related to nurse life care planning completed during the five (5) year certification period, for which the Certificant is clearly identified as one of the primary researchers/authors.

Category 5: Item Writing / Test Questions: One (1) point of credit, for a maximum of ten (10) points of credit, within the five (5) year renewal period for every five (5) questions submitted that are supported by evidence-based nursing practice/medical references. Questions with reference supported answers should be submitted to the Universal Life Care Planner Certification Board for review/approval of points of credit 90 days prior to the application renewal deadline.

Category 6: Participation on the AANLCP® Executive Board, the Universal Life Care Planner Certification Board, or an AANLCP® Committee: Ten (10) points of credit per year will be granted, up to a maximum of 20 points within the five (5) year renewal period. Additional points of credit may be granted, by and at the discretion of the Certification Board, for non-board member participation on specialty Universal Life Care Planner Certification Board committees. Documentation, with proof of participation* should be submitted to the Universal Life Care Planner Certification Board for review/approval of point of credit 90 days prior to the application renewal deadline.

*Participation is defined as 85% involvement on/in the various activities indicated.

Record Keeping

- It is your responsibility to maintain your records.
- Copies of your Certificates of Completion must be sent with your recertification application.
- It is your responsibility to remember to recertify before your certification expiration date.

Late Fee

For candidates who submit the application within 30 days after the expiration of your CNLCP® credential, the fee, including a late fee, will be \$595 for AANCLP members and \$695 for non-members.

To recertify by continuing education, please fully complete, sign and return the enclosed Recertification by Continuing Education application with your fee, copies of your Certificates of Completion and your current RN license to:

Universal Life Care Planner Certification Board
ATTN: CNLCP® Renewal
P.O. Box 3311
Concord, NH 03002-3311

The application fee must be paid by check at this time. Please make checks out to: Universal Life Care Planner Certification Board.

If the recertification application is delinquent and received beyond 30 days of the expiration date, the Candidate is no longer able to use the designation of CNLCP® and, as such, must submit to retesting at the full examination fee of \$470.00 for AANLCP members and \$570.00 for non-members.
